These split clamps help out tremendously. They will greatly extend the life span for our loop over hoses, also streamlining a loop over change in the field. We suggest retro fitting to these when new loop over hoses are installed. All new vibros will be manufactured with them from today on.

We also suggest drilling out the suppressor plate so that they can be through bolted, removing the problem of stripping threads.

The clamps are in our parts inventory and we will ship them to you when requested.

See the below information for ordering.

200-6 Clamps

- 1. 1002895 APE Hose clamp (Top 1/2)
- 2. 1002896 APE Hose clamp (Bottom 1/2)

200, 150 Clamps

- 1. 1003170 Hose Clamp-Half-Top
- 2. 1003171 Hose Clamp-Half-Bottom
